

A/C Compressor Kits

Replace it Once

Easiest & most reliable way to repair contaminated vehicle A/C systems.

A/C Compressor Kits include:

Compressor

Compressor Oil (68 Grade 500ml)

Air Conditioning System Treatment

Measuring Cup (for oil balancing)

Condenser

Thermal Expansion Valve / Orifice Tube

Receiver Drier / Accumulator (where applicable)

System Guard Strap

A/C Compressors fail when contaminated by debris in the A/C system

Extensive flushing of the A/C may not remove fine particles that contaminate an vehicle A/C system.

- ▶ Micro-ports in parallel flow condensers found in 8/10 vehicles are 1 mm wide or less & too small to be effectively flushed.
- ▶ The filter drier is exposed to debris and cannot be completely flushed.
- ▶ Fine debris lodged in an expansion device cannot be thoroughly flushed.

The solution:

Fit a full A/C Compressor Kit combined with a full system flush.

Benefits of using an Adrad A/C Compressor Kit:

- ▶ Extended full three year warranty - fewer claims
- ▶ Minimise risk of premature compressor failure due to recontamination
- ▶ Saves time trying to flush contaminated components
- ▶ Cost effective
- ▶ Buy everything you need for most vehicle applications in a single step.

Using an Adrad A/C Compressor Kit is the easiest, most reliable way to repair a contaminated A/C system.

Search for your A/C Compressor Kit by Vehicle Make / Model
